HOP ON HOP OFF - TOUR ALL DAY

Welcome aboard the original Old Town Trolley Tours. Enjoy our 25-mile, fully narrated tour of San Diego and Coronado. Colorful anecdotes, stories and historical information are combined into a narrative that is just under two hours and will both entertain and educate. We are the "attraction that takes you to all the attractions" and have been entertaining guests since 1989. Our tour is top rated on Google and U.S. News & World Report and was twice awarded the prestigious "Finest Service Award".

We recommend hopping on and off at as many stops as your schedule allows. When you are ready to continue, simply hop on the next available trolley. Trolleys arrive approximately every 20 minutes. Be sure to ask when the last trolley of the day departs.
